

SALINA 23.98m / 78'8"

SPECIAL FEATURES

- Total refit in 2019 – top condition
- Contemporary and high-fashion interior
- Wind protected aft deck dining area
- Hydraulic swimming platform providing easy access to the water

“Thanks again for everything, we truly appreciated the care of the captain and the crew about safety, and the special attention you gave to our children, so we had more time to enjoy the sea and the islands.”

THE YACHT

The stunningly beautiful 24 metre superyacht Salina is an eclectic mix of boutique hotel style and chic retro fashion.

Built in 2008 by Admiral, her 2019 refit was curated with class and elegance as well as humour, evident in the pop artworks which hang in the staterooms.

The salon is a sophisticated affair, with white contemporary furnishings and light wood floors providing the perfect backdrop for fun colour pops and splashes wherever you look.

Salina is a harmonious blend of ultra-modern design and high performance. Practical flourishes include the beautifully appointed wind protected aft deck and a hydraulic swimming platform which provides effortless access to the ocean.

Sleeping nine across four en suite cabins, Salina is without doubt, the height of sophistication at the very top end of yachting desirability.
