CAPTAIN KONSTANTINOS OLLANDEZOS

Captain Konstantinos Ollandezos joined the SSH Maritime fleet in 2017 but has spent his whole life working at sea. "My strong love and memories of the past, carrying and caring for passengers, made me choose the yachting industry, where it felt like home."

This philosophy lives with Captain Konstantinos every day on board, where his expertise and deep understanding of customer service allow him to provide a level of seamless luxury and professionalism that is difficult to rival even in this demanding industry.

The vast sundeck has a pool where privacy is ensured, and highly trained staff are on hand to create whatever atmosphere you are craving, be it a peaceful spa experience or a taste of nightlife.

Known all over the world for her luxury and discretion, Serenity prides herself on being able to create magical experiences and seamlessly adapts to every situation, no matter how extravagant.

In the captain's own words, we aim "to satisfy the most demanding international clientele, providing the pleasure of sailing freely without constraints."

the cuisine

CHEF ARIS SERVETAS

The culinary experience on board Serenity is the work of Chef Aris Servetas.

A chef for 14 years, Aris came to the yachting industry after working in some of the best hotels, restaurants, and villas. He spent his childhood beside his culinary hero, his father, working in a small traditional tavern on the Greek mainland. Aris is a very positive person who always has a smile on his face, and everyone who works around him loves it because his personality rubs off on everyone.

He was drawn to the highly demanding nature of the yachting industry and loves his work because it is always changing. The unlimited preferences and desires of his clients are a constant source of motivation and inspiration for him.

Confident in every cuisine, Chef Aris has a natural love for Mediterranean cuisine and preparing the freshest seafood that is available to him. He prides himself on being extremely environmentally aware, limiting waste while still using only the best products to create his astonishing dishes – a very difficult task for a yacht chef of this calibre.
