*“The crew was amazing, the chef was superb – one of the best ones we have ever experienced on board – everyone made lots of effort to ensure the kids were entertained and they were having a great time. Everything was well prepared and functioned well.”*

## THE YACHT

Built in 1992 by Lowland Holland, this hugely popular 31.4 metre craft attracts multi repeat charter guests who adore its attention to detail. Classically styled as a luxury floating retreat, Suncoco was refitted in 2021 with every imaginable touch incorporated. Guests will feel equally at home reclining on the integral sunbeds next to the jacuzzi as they will watching movies, or reading in the sky lounge or cosy yet chic wood-panelled salon injected with calming cream hues.

Casual dining is available on the aft deck while formal dining can be enjoyed in the salon. Water toys include a three seater jet ski, two Sea Doo scooters, paddleboards and inflatables, all sure to entertain even the youngest members of the party. Suncoco sleeps eight: the master, VIP, double and twin cabins are en suite with dedicated work stations in the master and VIP staterooms.
